# Conditions/Eligibility/Requirements

**Application Offer:** This incentive program covers products purchased and installed or placed into stock on or after January 1, 2001. Details of this program, including incentive levels, are subject to change without prior notice. Contact your participating utility or sponsor for the latest program details. This application form with required attachments must be received by December 31, 2001. Motor project/savings may not be claimed under any other utility program.

**Eligibility:** Incentives are available to industrial, commercial, institutional, and agricultural electric service customers. Motors must be installed or stocked in service territories of participating utilities and sponsors. Motors covered by this program must be new, three phase, induction motors, NEMA Design A & B, 1-200 HP, Open Drip Proof (ODP) or Totally Enclosed Fan Cooled (TEFC), 1200, 1800, or 3600 RPM. Other motors may be eligible for rebate under other programs.

**Proof of Purchase:** A sales slip itemizing the new equipment purchased must accompany each incentive application form. The Proof of Purchase must indicate type, size, make, and model number of the motor and date of purchase.

**Application Form:** The front side of this form must be filled out completely, truthfully, and accurately. An authorized representative of the customer must sign, date, and submit the completed form along with an itemized proof of purchase or invoice. The efficiency information provided should be the NEMA nominal-efficiency rating from the motor nameplate. Efficiencies are to be Full-Load nominal efficiencies tested in accordance with IEEE Standard 112, Test Method B.

**Payment:** Please allow 30 days for delivery of customer incentive check or credit. If information is missing on the form, credit or check processing and delivery may be longer.

**Approval and Verification:** Pre-Approval from your participating utility or sponsor may be required. Participating utility or sponsor reserves the right to verify sales transactions and to inspect the motor installed or stocked under this program, prior to issuing incentives, or at a later time, for monitoring and evaluation purposes.

**Tax Liability:** Participating utility or sponsor will not be responsible for any tax liability that may be imposed on the customer as a result of the payment of incentives. All customers must supply their Federal Tax Identification Number or social security number in order to receive an incentive.

**Endorsement:** Participating utility and sponsor do not endorse any particular manufacturer, product, or system design in promoting this program.

**Limitation of Liability:** **YOUR ELECTRIC UTILITY DOES NOT WARRANT THE PERFORMANCE OF INSTALLED EQUIPMENT, EXPRESSLY OR IMPLICITLY.** Rotational speed differences between premium and EPACT motors can affect savings or performance. Contact your electrical contractor for details regarding equipment performance and warranties.

**Assignment:** Customer may assign payment to a qualified vendor.

**Specific Requirements:** Some participating utilities or sponsors have specific requirements or conditions regarding issues such as: motors placed in stock, account credit, assignment to vendor, waiver for metering, etc. Check with the motor initiative.
